

c Caring for Your Bottle

1. Hand-wash recommended for longevity.
2. Dishwasher safe (top rack) for the glass bottle.
3. Lid is hand-wash only to maintain its integrity.
4. Avoid sudden impacts or extreme temperature changes to preserve durability.

3. Safety & Usage Tips

a Do not freeze

Expansion of liquid may cause breakage.

b Do not microwave

The stainless steel lid is not microwave-safe.

c Handle with care

While borosilicate glass is durable, it is still glass.

4. Sustainability Commitment

By choosing BOROUX, you're making a commitment to a cleaner planet. Our glass bottles help reduce plastic waste while providing a safe, stylish, and long-lasting hydration solution.

Welcome to Pure Hydration

Thank you for choosing the BOROUX Glass Water Bottle. Designed with eco-friendly materials and superior durability, your BOROUX bottle ensures a clean and refreshing drinking experience.

What's in the Box

1. BOROUX Glass Bottle
2. 18/8 Stainless Steel Leak-proof Cap with Silicone Seal

1. Product Features

- a Premium Borosilicate Glass**
Resistant to thermal shock, lightweight, and durable.
- b 18/8 Stainless Steel Lid**
BPA-free and leak-proof for secure hydration.
- c Eco-Friendly & Sustainable**
Reusable and plastic-free for a better planet.

2. Getting Started

- a Wash Before First Use**
Before using your BOROUX Glass Bottle for the first time:
 1. Remove the lid.
 2. Hand-wash all parts with warm, soapy water.
 3. Rinse thoroughly and allow to air dry.
- b Filling Your Bottle**
 1. Use for cold or room-temperature beverages.
 2. Avoid filling with hot liquids to prevent sudden temperature changes.
 3. Secure the lid tightly before placing it in the BOROUX Move Sleeve or a bag.
